DETAILED ACTION

Notice to Applicant(s)

1. This office action is responsive to the amendment filed on 4/16/09. As per request, claims 1-3, and 23 have been amended. Claims 1-5, and 21-23 are pending.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 23, is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As per claims 23, lines 17-19, “to or above that idle speed and **where an engine output as well as selectable gear ratios of the drivetrain (122) and the regulatory function of the idle controller are such that at least in case of a selectable gear ratio**”. It is unclear and indefinite of the phrase above in the claim, how is this limitation related to the phrase before and after that, what to do with “**where an engine output as well as selectable gear ratios of the drivetrain (122) and the regulatory function of the idle controller are such that at least in case of a selectable gear ratio**” in related to the invention. Explanation, amendment, or correction is required.

Claim 23 recites the limitations "the engine torque" in line 15; "the engine speed" in line 16; "the regulatory function of the idle controller" in line 18; and "the braking torque" in line 21. There are insufficient antecedent basis for these limitations in the claim.

Also, what is “the regulatory function of the idle controller” in line 18.

Art Unit: 3664

3. Claims 1-5, and 21-22 are allowable.

Remarks

4. Applicant's amendment filed on 4/16/09 has been fully considered. Upon updated search, and reviewing the claims, the new ground of rejection has been set forth as above.
